SUMMARY

Aspiring Full Stack Developer with hands-on experience in MERN stack, Generative AI, and real-world projects like SleekSpeak and Carpenters Ease Life. Passionate about building user-centric web applications and seeking opportunities to apply and grow skills in software development and AI-driven solutions.

TECHNICAL SKILLS

C++	Express.js	NEXT JS
ReactJS	Node JS	GEN AI
Google Cloud	SQL	GOOGLE AI STUDIO

INTERNSHIPS

International Business Machines - **Certificate**   **24 Jun, 2024 - 03 Aug, 2024**

- Completed IBM SkillsBuild Internship Program 2024 in Data Analytics, a 6-week intensive program.
- Focused on Python, Machine Learning, and Data Visualization.
- Acquired hands-on experience through real-time projects and expert-led sessions.
- Developed strong technical skills and a passion for collaborative problem-solving in data analytics.

DevTown - **Certificate**   **01 Feb, 2023 - 01 May, 2023**

- Worked as a Full Stack Developer Intern at DevTown.
- Contributed to building and enhancing a dynamic web application using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Gained valuable hands-on experience in various aspects of full-stack development.

EDUCATION

Bachelor of Engineering (BE) in IT   *GPA – 8.48*   **2021 - 2025**

Sinhgad Institute of Technology & Science

- Completed bachelor's in information technology at Savitribai Phule University.
- Gained expertise in Full Stack Development, Data Structures, AI/ML, and OOP.

HSC   *Marks – 76%*   **2019 - 2021**

Sadhana Vidyalaya and R.R. Shinde Junior College

- Developed a strong foundation in Mathematics, Physics, and Computer Science.
- Achieved excellent academic performance and honed problem-solving skills.

PROJECTS

Carpenters Ease Life - Link

- Platform to streamline carpentry work.
- Features: leaguer management, attendance tracking, hiring processes.
- Developed as a final-year project using full- stack development.

Sleek Speak - Link

- Built SleekSpeak, a skincare community app with routine-sharing and commenting features.
- Used React.js, Tailwind CSS, Firebase, and Gemini AI for interactive experiences.
